FIG. 32 is a diagram of a finite state machine (FSM) 1812. The FSM 1812 has two states, 0 and 1, and two transitions, y and x. State 0 is the initial state and state 1 is the final state. The transitions are labeled with the input/output pairs (a,b) and the output x. The transitions are: 0 to 1 on input 'a' and output 'b' (labeled 'y'), and 1 to 0 on input 'b' and output 'a' (labeled 'x'). The FSM 1812 is labeled with the set of states {0, 1, 2} and the set of transitions {0, 1, 3}.
